Please include the following documents to support your request:
1. Plumbing plans and equipment specifications.
2. Johnson County Environmental Department Grease Interceptor Operating Permit application and fee, unless it has previously been submitted.
3. A check for the variance request fee of $346.50. (non-refundable)

The undersigned applicant for a grease interceptor conditional waiver hereby acknowledges that qualification for the issuance and continuation of such permit is contingent upon the allowance of periodic unannounced inspections of the regulated facility. The conditional waiver operating manual is required to be maintained on-site as required by the Johnson County Code of Regulations for Sanitary Sewer Use, 2003 Edition, adopted by Resolution No. W.D. 120-02, and hereby consents to such periodic inspections. The Environmental Department may deny or revoke a permit, impose permit conditions, or impose penalties upon evidence that a facility is operating out of compliance with the requirements of the Code. It is a violation of the Code for food service facilities to discharge wastewater to the sewer system without a valid grease interceptor operating permit or a conditional waiver permit.
